

Wildlife Materials International, Inc.

CHARGER BOX with 6 cables for 6 Rechargeable Transmitter Collars

FIRST, insert red & black cable plug-ins into transmitter collars. Match red to red, black to black.

THEN insert other red & black ends into charger box. When looking at the recharger with DC power cord plug-in AT TOP, the black receptacles are on RIGHT.

LAST, insert charger box's plug into vehicle cigarette lighter.

NEVER CHARGE MORE THAN 24 HOURS.

After recharging, ALWAYS unplug charger box from vehicle first.
